Re: ExteNet Systems, Inc's Competitive Telecommunications Provider Application

Dear Ms. Meerdink:

ExteNet is respectfully submitting its application to be a Competitive Telecommunications Provider in the state of Oregon.

ExteNet provides unswitched point-to-point telecommunications services. These services are typically leased to wireless services providers on a private individual contract basis. ExteNet does not provide switched services or dial tone. ExteNet also does not have any end users or retail sales.

I appreciate the assistance you provided me in the preparation of this application. I also appreciate your attention to this matter so that ExteNet's review period may begin on June 25, 2008.

Please do not hesitate to contact me if you have any questions, corrections or concerns. I can be reached at 206-419-9800 at all times.

Very best regards,
