Idaho Power Corporation ( for profit, out of State, share holder driven money machine) asks for extensions, but wants to deny them to others. The 'others' happen not to have bottomless funding (from rate-payers in Idaho Power Corporations case), do not have legions of staff, attorneys, 'experts', and the like at their disposal. Nope, they are just very concerned Citizens who have spent thousands hours of their precious lives fighting an

environmental, social and fiscal abuse for rate-payers and future generations.

Idaho Power Corporation, on the other hand, is out to make many millions of dollars at the expense of the rate-payers, by slashing a 300 mile long clear-cut across Oregon, that, by the way, is UNNECESSARY.

You do not see anything wrong with this?????

Got your rubber stamp all oiled up after acting like 'ticking' all lobbyist approved steps? Travesty unfolding before our eyes.

Appalled, discouraged, and angry as hell, Peter Barry
