RE: UM 1610, Comments of OneEnergy, Inc. (Solar Capacity Contribution)

Dear Commissioners:

With respect to the Solar Capacity Contribution issue pending in the UM 1610 docket, OneEnergy concurs with the testimony of David W. Brown submitted on behalf of Obsidian Renewables, LLC on November 4, 2014.

By approving the calculation adjustments recommended by Mr. Brown (as well as Staff and the Oregon Department of Energy), the Commission would more accurately and fairly implement its policy decision in Order 14-058 to accord different capacity value to different resource types.

While it would be duplicative for us to file separate opening testimony on this issue, we reserve the right to file response testimony.

Sincerely,

Bill Eddie
President
OneEnergy, Inc.
