Yesterday Staff filed a Motion to Modify Procedural Schedule requesting an extension in the briefing schedule. Earlier today, the ALJ granted the Motion which had the support of all parties.

Gardner Capital Solar Development, LLC (“Gardner Solar”) is not requesting any new action on the Motion or the ALJ’s order. Nonetheless, Gardner Solar makes this filing to correct the record. Staff’s Motion stated that Gardner Solar did not support the Motion. Because Gardner Solar had intended to support the Motion, Gardner Solar immediately filed a Response stating that it did support Staff Motion’s. Gardner Solar’s Response also stated that Staff’s statement as to Gardner Solar’s opposition was inaccurate. But to correct the record, Gardner Solar does want to point out that Staff’s interpretation of Gardner Solar’s e-mail as being in opposition to the Motion was a reasonable reading of the e-mail. We had intended by that e-mail to express support for Staff’s Motion, but we misstated the dates which Staff had requested. With this misstatement of those dates, we understand Staff reasonably interpreted that as opposition.

Dated this 28th day of May, 2015.
