Subject: Neighborhood Power community solar project applications
Date: Tuesday, March 31, 2020 2:51:58 PM

Dear Oregon Public Utility Commission, As a local small business owner, who supports renewable energy, but is unable to install solar on my business, I have been waiting for the community solar program to open. Neighborhood Power has been sharing the progress of the program with us for the past couple of years and we have been excited to participate. I am writing this email to ask you to approve Neighborhood Powers projects so we can participate in the program and help support local renewable energy as soon as possible. Thank you for your consideration,
