Re: UM 1930 Project Pre-certification Pause

Dear Commissioners,

It is Oregon Solar + Storage Industries Association's (OSSIA) understanding that a pause on pre-certification of community solar projects will automatically go into effect on January 22nd, 2022. OSSIA supports staff's proposal to recommend that the Commission end that pre-certification pause and approve another 24 months of pre-certification for the amount of CSP capacity subscribed and billing to reach levels sufficient to recover the Program's ongoing costs.

We appreciate the opportunity to comment on this proposal.

Sincerely,

A handwritten signature in black ink that reads "Angela Crowley-Koch". The signature is fluid and cursive.
