My name is Pixie Adams and I'm the owner of Moonlight Coffeehouse. I'm writing today to express my profound support for Neighborhood Power's projects and ask that their application be approved. The community solar program has been something I am incredibly excited about and I believe that as soon as it's possible, I will gladly be a part of it.

My business is built around supporting my community and we've been the recipient of a number of awards. Our hope is to continue to set the bar high with renewable energy opportunities for our community because we see it as a vital need for the future of our community.

Please don't hesitate to contact me if you have any questions or concerns. I look forward to seeing the progress Neighborhood Powers makes!
