Dear Oregon Public Utility Commission,

My name is Steven Phan, I am the Vice President of Northwest Housing Alternative's Board of Directors, a low income housing provider in PGE territory. I have been talking with Neighborhood Power for a long time about your upcoming Community Solar program. We are excited to hear about a way we can potentially run on renewable energy and lower the cost of power to our low income residents.

I am writing this email to urge you to approve Neighborhood Powers Community Solar applications and to thank you for working to make this program successful.

Thank you,

Steven Phan
