RE: UE 228 – Planned Maintenance Outage Update

Ms. Bailey-Goggins:

In accordance with OPUC Order No. 09-433 and the stipulation approved therein, PGE is providing this letter as notification of changes to the forecast of planned maintenance outages for the Beaver, Boardman, Colstrip, Coyote, and Port Westward generating facilities.

We are also providing updates to the planned maintenance outage schedules for the Portland Hydro Project and River Mill hydro resources, although the final 2012 hydro maintenance outage schedule is not due until the September 30, 2011, power cost update filing.

Enclosed are confidential detailed descriptions of the changes to the planned maintenance outage schedules and a confidential work paper providing the updated planned maintenance outages for the Beaver, Boardman, Colstrip, Coyote, and Port Westward generating facilities. These documents are confidential and subject to Protective Order No. 11-102.

If you have any questions or require further information, please contact me at (503) 464-7580. Please direct all formal correspondence and requests to the following email address: pge.opuc.filings@pgn.com.

Sincerely,

Patrick G. Hager
