Oregon Standard Off-System Qualifying Facility Power Purchase Agreement

On October 20, 2006, PacifiCorp filed Advice No. 06-019 with a requested effective date of November 20, 2006. At the November 7, 2006 Public Meeting, the Commission suspended the filing for further investigation. On April 2, 2007, the Commission entered Order No. 07-120 approving the filing in Advice No. 06-019. The Order required PacifiCorp to 1) file new tariff sheets and standard contracts with new effective dates, and 2) thirty days after the effective date of the revised standard contracts and tariff sheets, refile the standard contracts with the provision "Section 24, Commission Investigation" removed. New tariff sheets and revised standard contracts were filed on April 12, 2007, with an effective date of April 13, 2007, to comply with the Order's first requirement. The present filing complies with the second requirement, in which the provision "Section 24, Commission Investigation" has been removed from the standard form agreements.
