**Re: UM 1294 PGE – Annual Power Cost Variance Deferral**

Ms. Bailey-Goggins:

Staff requested that PGE continue to provide a monthly power cost report containing PGE's net variable power costs by specific ledgers as well as PGE's power supply summary reports. This report is confidential and subject to Protective Order No. 07-088.

Attachment 1 contains two hard copies. One is actual power cost by ledger account and the other is actual MWhs by resource. Both provide monthly data for January through May, 2011.

Attachment 2 is an Excel file that contains the same requested information as in Attachment 1, but in electronic format. Both attachments are confidential and subject to the Modified Protective Order No. 07-088 in Docket UM 1294. They are provided under separate cover.

Due to PGE's April 1 financial and accounting system changes, this information will appear slightly different from past filings. The most significant difference can be found in the Sales for Resale section where "Sales for Resale, Long Term Power- Glendale, Long Term Power- SDG&E, and Long Term Capacity- Glendale" have been combined into a single line item now called "SalesfrResale- Long Term."

Should you have any questions or require further information, please call me at 503-464-7580.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick G. Hager". The signature is written in a cursive, somewhat stylized script.

Patrick G. Hager
