**Re: UM 1345: PGE Request for Proposals for Energy Resources
(OPUC Order No. 08-234)**

On April 23, 2008, PGE issued a Request for Proposals (RFP) for renewable resources. PGE received 38 bids in response to this RFP and on September 10, 2008, notified all bidders as to whether their project scored sufficiently to make the initial short list. As part of PGE's requirements under OPUC Order No. 08-234, PGE must report to the Commission whether any bid that did not make the initial short list using \$10/MWh for integration costs would have made the initial short list using \$6/MWh.¹ (Order No. 08-234, Page 1). PGE does not believe that any currently excluded bid would have made the initial short list using the \$6/MWh estimate.

Attached is a spreadsheet that documents the conclusion that the \$10 per MWh integration cost did not result in any bids being excluded. Bids subject to the integration cost which did not make the initial short-list under the \$10 per MWh assumption also do not make the initial short-list under a \$6 per MWh assumption.

Patrick G. Hager

¹ The correct number for Tier I projects is \$6/MWh (in 2006 dollars), rather than the \$5.50/MWh stated in Order No. 08-234. (See PGE's 2007 IRP, Page 107.)
