RE: Advice 19-002/UM 1985—Compliance Tariff Sheets

In compliance with ORS 757.205 and OAR 860-022-0025, PacifiCorp d/b/a Pacific Power encloses for filing proposed tariff pages associated with Tariff P.U.C. OR No. 36, which sets forth all rates, tolls, charges, rules, and regulations applicable to electric service in Oregon. This filing is made in compliance with Order No. 19-028 and includes a February 1, 2019 effective date.¹ An application for Less than Statutory Notice is included with this filing.

Twenty-First Revision of Sheet No. INDEX-3	Index	Table of Contents-Schedules
Twentieth Revision of Sheet No. 90-1	Schedule 90	Summary of Effective Rate Adjustments
Original Sheet No. 195	Schedule 195	Federal Tax Act Adjustment

The purpose of this filing is to establish the rates for Schedule 195 Federal Tax Act Adjustment, which amortizes deferred amounts associated with the current income tax expense impact of the Federal Tax Act.

In docket UM 1985 PacifiCorp proposed the amortization of current income tax expense benefits to customers beginning on February 1, 2019. Following a settlement conference with parties and follow-up discussions, PacifiCorp, Staff and all parties to UM 1985 reached an all-party settlement that was approved by the Commission at its January 29, 2019 public meeting. The settlement provides for the amortization of the 2018 deferral balance, plus interest, of the impact of the lower current tax expense due to the Federal Tax Act over a one-year time period beginning February 1, 2019.

To support this filing and meet the requirements of OAR 860-022-0025, PacifiCorp submits the tariff sheets listed above with the following supporting attachments:

- Attachment A—Schedule 195 Rate Spread and Rate Calculation
- Attachment B—Estimated Effect of Proposed Price Change

This proposed change will affect approximately 614,000 customers, and will result in an overall annual rate decrease of approximately \$48.2 million or 3.7 percent. The average residential customer using 900 kilowatt-hours per month would see a monthly bill decrease of \$4.12 as a result of this change.
