RULE SUMMARY

In docket UM 1505, Order No. 11-089, the Commission changed the solar photovoltaic pilot program originally adopted in docket UM 1452, Order No. 10-198 by: (1) implementing a lottery-based method to reserve capacity for small- and medium-scale systems using net metering; and (2) equally dividing medium-scale capacity between net metering and competitive bidding options. These rule changes implement those decisions and clarify certain issues, such as the method for estimating the capacity of solar photovoltaic systems for new construction.
