** a previous version of this document indicated that rule language was included in Staff's straw proposal. Staff notes that the proposal does not contain actual draft rule language and merely presents policy positions for topics within the scope of AR 651.

This workshop will provide an opportunity for stakeholders to discuss Staff's straw proposal for AR 651 and identify areas of agreement/disagreement. The proposal includes policy positions that address the topics outlined in AR 651's revised scope, as well as additional questions for stakeholders to consider prior to the workshop. Discussion will proceed topic by topic as organized in the straw proposal. Staff will post the straw proposal to edockets and circulate through email on Wednesday, January 12, 2022.
