RE: LC 43 – PGE 2007 Integrated Resource Plan

Dear Judge Power,

This letter is in response to your July 27, 2007 Pre-hearing Conference Memorandum, which directs PGE to “submit an exhibit that discusses the circumstances and implications relating to a recent agreement between Pacific Gas and Electric Company and a wind energy supplier regarding a wind farm in eastern Oregon.” In particular, you raised concerns about the scarcity of renewable resources available to satisfy both California and Oregon’s renewable resource requirements (i.e., with new renewable portfolio standard legislation).

In that Memorandum, you requested that we inform the Commission, within ten days of the July 26, 2007 pre-hearing conference, our intended date for filing such an exhibit. We intend to make that filing, and respond to your request for information, by August 27, 2007.

Thank you for the opportunity to comment on this significant issue.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick G. Hager", written in a cursive style.
