Re: In the Matter of Cascade Natural Gas Corporation Integrated Resource Plan
(Docket No. LC 83)
Proposed Issue Fund Budget of the Alliance of Western Energy Consumers

Dear Filing Center:

Pursuant to OAR 860-001-0120 and the Fifth Amended and Restated Intervenor Funding Agreement (“IFA”), approved by the Public Utility Commission of Oregon (“Commission”) in Order No. 22-506 (December 29, 2022), Alliance of Western Energy Consumers (“AWEC”) hereby respectfully submits an Issue Fund Budget of \$35,000, which after 20 percent match by AWEC of \$7,000, would result in a maximum net requested Issue Fund Grant of \$28,000. To the extent AWEC’s actual costs exceed the maximum Issue Fund Grant amount, AWEC will seek Matching Funds.

Article 6.3 of the IFA provides that precertified intervenors seeking an Issue Fund Grant must submit a proposed budget to the Commission. Accordingly, AWEC has attached a detailed budget as Appendix A. AWEC’s proposed budget is based on AWEC’s full participation in this proceeding, including time and expenses that have already been incurred to date.

The IFA also requires the following information:

1. A Statement of the Work to be Performed.

AWEC has participated and will continue to participate in all stages of this proceeding. This includes: (a) a review of Cascade Natural Gas Corporation’s Integrated Resource Plan; (b) drafting discovery and reviewing discovery responses; (c) drafting comments and reviewing comments of other parties; (d) participating in any workshops and public meetings. AWEC has retained a consultant to assist legal counsel in this proceeding.

2. A Description of the Areas to be Investigated.

AWEC has and will focus on all aspects of Cascade's Integrated Resources Plan including proposed distribution investments and gas supply alternatives. AWEC will also comment on how Cascade plans to comply with the Climate Protection Plan.

3. A Description of the Particular Customer Class(es) That Will Benefit from the Intervenor's Participation.

AWEC is a nonprofit association of end users of natural gas with major facilities in the states of Oregon, Washington, and Idaho. AWEC's gas members include diverse industrial and commercial interests, including food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics, and aerospace. AWEC members take service from local distribution companies under industrial rate schedules. Accordingly, AWEC's advocacy will benefit the industrial rate class.

4. Identification of the Specific Fund Accounts from Which the Intervenor is Seeking Monies.

AWEC identifies the Cascade Issue Fund Account as the account from which AWEC is seeking monies. As of the date of this submittal, the uncommitted balance of that fund is \$102,675.00, not taking into account CUB's recent request. To the extent AWEC incurs costs that exceed its request, it will seek matching funds.

5. A Budget Showing Estimated Attorney, Consultant and Expert Witness Fees, Which May Include the Cost for Appropriate Support Staff and Operations Support.

AWEC has attached a detailed budget for AWEC's participation in this proceeding as Appendix A.

6. Representation that Intervenor will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the Eligible Expenses.

AWEC represents that it will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the Eligible Expenses.
