Small Business Utility Advocates (SBUA) notifies the parties and Commission that SBUA is not filing Rebuttal Testimony. Having intervened on February 21, 2020, SBUA has represented small business and in particular Schedule 23 customers in these proceedings and filed testimony on June 4, 2020. SBUA has participated in settlement discussions on all aspects of the proceedings and understands that the parties, including Staff, PacifiCorp, SBUA, and others, have reached a settlement regarding rate spread and rate design including as it applies to Schedule 23 customers. This settlement resolves the majority of SBUA’s focused concern in this proceeding, and other concerns are addressed adequately through parties’ Rebuttal Testimony.

SBUA reserves the right to participate in later phases of this proceeding if SBUA so chooses.

Respectfully submitted.
