Re: In the Matter of AVISTA CORPORATION, dba AVISTA UTILITIES, Request for a  
General Rate Revision (Docket UG 366)  
**Proposed Issue Fund Budget of the Alliance of Western Energy Consumers**

Dear Filing Center:

Pursuant to OAR 860-012-0100(4) and the Fourth Amended and Restated Intervenor Funding Agreement (“IFA”), approved by the Oregon Public Utility Commission (“Commission”) in Order No. 18-017 (January 17, 2019), Alliance of Western Energy Consumers (“AWEC”) hereby respectfully submits an issue fund budget of \$65,375, which after 20% match by AWEC (\$13,075), would result in a maximum net requested issue fund grant of \$52,300. However, the current uncommitted balance in Avista’s Issue Fund Account is only \$45,681.98, and of that amount, AWEC is requesting \$38,000 as its maximum grant amount. To the extent AWEC’s actual costs exceed the maximum grant amount, AWEC will seek matching funds. AWEC has coordinated this request with the request made by CUB.

Article 6.3 of the IFA provides that precertified intervenors seeking an issue fund grant must submit a proposed budget to the Commission. Accordingly, AWEC has attached a detailed budget as Appendix A. AWEC’s proposed budget is based on AWEC’s full participation in this proceeding, including expenses that have already been incurred to date.

The IFA also requires the following information:

**1. A Statement of the Work to be Performed.**

AWEC has already participated in initial proceedings in this docket and will continue to participate in all stages of the review of Avista’s general rate case. This includes preparing and

reviewing discovery, participation in workshops and settlement conferences, drafting testimony and briefs, and participation at hearing. AWEC will sponsor a witness for this proceeding who will assist in AWEC's analysis of Avista's requested rate increase.

**2. A Description of the Areas to be Investigated.**

AWEC has and will focus on all aspects of Avista's general rate request, with a specific focus on Avista's proposed revenue requirement, cost of service, rate spread, and rate design.

**3. A Description of the Particular Customer Class(es) That Will Benefit from the Intervenor's Participation.**

AWEC is a nonprofit association of end users of natural gas with major facilities in the states of Oregon, Washington, and Idaho. AWEC's gas members include diverse industrial and commercial interests, including food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics, aerospace, and healthcare providers. AWEC members take service from local distribution companies under industrial rate schedules. Accordingly, AWEC's advocacy will benefit the industrial rate class. AWEC's focus on revenue requirement, however, benefits all customers, including residential customers.

**4. Identification of the Specific Fund Accounts from Which the Intervenor is Seeking Monies.**

AWEC identifies the Avista Issue Fund Account as the account from which AWEC is seeking monies. As of the date of this submittal, the uncommitted balance of that fund is \$45,681.98, of which AWEC is requesting \$38,000. To the extent AWEC incurs costs that exceed this request, it will seek Matching Funds.

**5. A Budget Showing Estimated Attorney, Consultant and Expert Witness Fees, Which May Include the Cost for Appropriate Support Staff and Operations Support.**

AWEC has attached a detailed budget for AWEC's participation in this proceeding as Appendix A.

**6. Representation that Intervenor will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the Eligible Expenses.**

AWEC represents that it will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the Eligible Expenses.

Very truly yours,

Chad M. Stokes
