**Re: UM-1373 - Deferral of Investigation and Remediation Response Costs Associated
with the Portland Harbor and Harbor Oil Superfund Sites Cleanup and Restoration**

On March 31, 2008, PGE filed an Application for Deferral of Investigation and Remediation Response Costs Associated with the Portland Harbor and Harbor Oil Superfund Sites Cleanup and Restoration. On February 6, 2009, the Commission approved PGE's application. On March 30, 2009, PGE filed an Application for Reauthorization of this deferral, which is the subject of this docket.

On January 4, 2010, PGE held discussions with OPUC Staff, the Citizens' Utility Board of Oregon, and Industrial Customers of Northwest Utilities regarding this deferral. PGE proposed, and parties are unopposed to, the withdrawal of the deferral. PGE will not seek amortization of amounts deferred under its original application and withdraws its reauthorization application in UM-1373. As a result, PGE requests that the docket be closed.

Thank you for your assistance in this matter. If you have any questions or require further information, please call me at (503) 464-7580.

Sincerely,

Patrick G. Hager
