Exhibit 7

Network Improvement Plan

Report #7 – Network Improvement Plan – CETCs Only

Per Docket No. UM 1217, Order No. 06-292, competitive ETCs (CETCs) must file network improvement plans annually for recertification purposes. Appendix A of the order details the information that must be included in such plans. Only CETCs must file these plans for annual recertification purposes; ILECs are not required to file such plans. CETCs that receive *only* low-income program support (no high-cost or access-related support) do not have to file network improvement plans. CETCs are strongly encouraged to use the template in the attached Excel worksheets for their network improvement plans. This template incorporates all the items of information required by the order.

AT&T Mobility is providing the information required in Report 7 in the attached Confidential Exhibit 7. AT&T Mobility has also prioritized the sites in case there are changes to the federal universal service support. The requested maps are also provided in Confidential Exhibit 7.
