

Program Administrator's Project Recommendation

September 23, 2022

Community Solar Program - Docket No. UM 1930

On January 11, 2022, in Order No. 22-007, the Commission permitted the delegation of Commission authority to the Community Solar Program Administrator (PA) to grant noncontroversial project pre-certifications, waivers, extensions, and amendments. Under the permitted delegation of authority, Staff will post the PA's project recommendation to UM 1930 with a comment period of two weeks. If no comments in opposition are received prior to the end of the comment period, the recommendation will go into effect. If comments in opposition are received prior to the end of the comment period, the recommendation will not go into effect and the matter will be referred to the Commission for a decision at the next available public meeting.

Staff posts the PA's recommendation to grant project pre-certification for the following project:

PGE-2022-148 (Solar Harvest)

The PA has reviewed the Project Manager (PM) pre-certification applications for the project listed above and has recommended granting pre-certification. Staff finds the PA's recommendations to be noncontroversial and that granting pre-certification may be delegated to the PA. Stakeholders in opposition of the PA's recommendation should post comments to UM 1930 by October 7, 2022.

To Submit Public Comment:

Stakeholders can submit written comments on the PA's recommendation by email to puc.filingcenter@puc.oregon.gov. Please email puc.hearings@puc.oregon.gov to be added to the UM 1930 docket service list and receive notifications in the UM 1930 docket.

Project Pre-certification Review and Recommendation

The Oregon Community Solar Program Administrator (PA) has reviewed the pre-certification request of the project described below and recommends that the project be pre-certified.

Project Information

Project ID: PGE-2022-148
