

Notice of Docket Schedule Update

June 27, 2022

Community Solar Program – Docket No. UM 2247/UM 1930

Joint Utility Method for Calculating the Incremental Cost of Subscribed Energy

Staff announces an updated schedule for development of a Staff recommendation on a joint utility method for calculating the incremental cost of subscribed energy (cost recovery) in the Community Solar Program (CSP or Program).

On June 3, 2022 in Order No. 22-210¹ the Commission approved suspending Advice No. 21-38 for a period not to exceed six months from April 20, 2022. The six month suspension of Advice No. 21-38 is to allow Staff to investigate a joint utility method for calculating cost recovery in the Program.

Stakeholders will have an opportunity to provide written comments on Staff’s draft recommendation for a joint utility method for calculating cost recovery before Staff posts a final recommendation to Docket No. UM 2247.

Schedule

Date	Activity
June 30, 2022	Draft Staff recommendation on joint utility method for cost recovery posted to Docket No. UM 2247 for public comment.
June 30 – July 15	Two-week public comment period.
August 15	Staff’s final recommendation posted to Docket No. UM 2247.
August 23	Commission decision at public meeting.
