

Notice of Docket Update

April 1, 2022

Community Solar Program – Docket No. UM 1930 Use of Agent Subscription Model

Staff announces the following schedule for Staff development of a recommendation on the use of the agent subscription model in the Community Solar Program (CSP). Stakeholders will have an opportunity to provide written comments on Staff’s draft recommendation before Staff post a final recommendation to Docket No. UM 1930. Stakeholders will also have an opportunity to provide comments on Staff’s final recommendation at the public meeting in June.

Schedule

Date	Activity
April, 2022	Additional information requested by Staff on use of agent subscription model in CSP, including information request posted to Docket No. UM 1930.
Late April	Draft Staff recommendation on use of agent subscription model in CSP posted to the UM 1930 docket for public comment.
Weeks of April 25 – May 13	Two week public comment period.
June 2022	Staff’s final recommendation posted to Docket No. UM 1930.
	Commission decision at public meeting.

On March 17, 2022 Staff hosted a workshop on the use of the agent subscription model in CSP. The workshop included presentations from two Subscription Managers and Portland General Electric. The workshop was recorded and can be viewed at the following link:
