---

To: Stakeholders in UM 1930 – Community Solar Program (CSP) Implementation

Staff would like to notify stakeholders that due to unfortunate delays Staff did not post its proposal for CSP Carve-out Capacity Expansion today, per the procedural schedule. Staff will publish the document later this week.

We apologize and look forward to stakeholder comment and a workshop June 11.

Please contact me with any questions or concerns.

Thank you,

**Sarah Hall** (*she, her*)
