

Distribution System Planning Docket Announcement

September 8, 2022

Oregon Public Utility Commission (PUC) Staff announce the postponement of a Staff workshop on hosting capacity analysis (HCA). Staff planned to hold a workshop on Wednesday, October 5, 2022, with the goal of understanding stakeholders' interests in future discussions of HCA. The workshop will be rescheduled to the First Quarter 2023 and will be included in the broader discussion of revising and improving the current distribution system planning (DSP) Guidelines.

Event	Original Date and Time	New Date and Time
Staff Workshop on HCA and stakeholder interest in future discussions	Wednesday, October 5, 2022, 8:30 a.m. – 12:00 p.m. Pacific Postponed	First Quarter 2023, time to be determined

Background Information on DSP

Oregon DSP Guidelines were developed in Docket No. [UM 2005](#) and adopted by the PUC through [Order No. 20-485](#). PGE, Pacific Power, and Idaho Power filed Part 1 of their inaugural Distribution System Plans on October 15, 2021. The PUC accepted the Part 1 filings on March 11, 2022, through [Order No. 22-083](#). The utilities filed Part 2 of their inaugural Plans on August 15, 2022. Links to each utility's Part 2 filing, and the respective dockets, are below.

Utility	Docket No.	Part 2 filing
Idaho Power	UM 2196	Distribution System Planning Report, Part 2
PGE	UM 2197	Distribution System Plan Part 2
Pacific Power	UM 2198	Oregon Distribution System Plan – Part 2
