

UM 2111 – AR 659

**Public Meeting
August 22, 2023**

Key decisions remaining

- Nearly all consensus or unopposed
- Just a few major points of uncertainty or disagreement
 - Requirements on circuits using high-speed reclosing
 - NEM eligibility for Tier 1
 - Utility handbook process for incorporating UM 2111 changes, and future updates
 - Legacy data update requirements
 - Timing of IEEE 1547-2018 compliance requirements
 - Minor equipment modifications
 - Interconnection agreement timeline
 - Required deposits, and timing
