UW 209

In the Matter of Salmon Valley Water Company, Sunstone Water, LLC, Lakeshore Water Company, LLC, Seavey Loop Water Company, LLC, and South Coast Water Company, LLC Request for a General Rate Revision	**STATUS UPDATE**

Pursuant to the Administrative Law Judge's Ruling issued September 2, 2026, NW Natural Water Company, LLC, on behalf of Salmon Valley Water Company, Sunstone Water, LLC, Lakeshore Water Company, LLC, Seavey Loop Water Company, LLC, and South Coast Water Company, LLC (collectively, the "Consolidated Sunstone Utilities" or the "Company"), respectfully submits this status update.

Since the procedural schedule was suspended in the Ruling issued September 2, 2026, the parties have continued to work diligently and engage in discussions aimed at resolving the outstanding issues and finalizing a settlement stipulation. Those discussions have been productive. However, given the complexity of consolidating more than 20 water systems in this proceeding, the parties require additional time to complete that work.

The Company anticipates filing a stipulation and supporting testimony on or before October 16, 2026, and respectfully proposes that date as the revised filing date. Nothing in this update is intended to limit any party's ability to review and respond to the stipulation in accordance with the Commission's rules once it is filed. The Consolidated Sunstone Utilities have notified the other parties of the substance of this update.

Respectfully submitted this 2nd day of October 2026.
