Intervenor Oregonians for Renewable Energy Policy ("OREP") moves for an order extending by seven days, from February 5, 2010, to February 12, 2010, the time for it to file Closing Comments in Docket Nos. AR 538 and UM 1452.

OREP has completed a substantial amount of work on the closing comments. However, my father, Parker Pengilly, passed away early this morning. I am the person responsible for completing OREP's comments for filing. My thoughts are elsewhere today and I have family responsibilities that need to be attended to. It is for that reason that an extension of time is requested in which to file OREP's Closing Comments. OREP is mindful of the Commissioner's time constraints and will make every effort to file Closing Comments prior to February 12, 2010.

Because the due date for Closing Comments in Docket No. AR538 and UM 1452 is one day from the date of this motion, OREP asks for expedited consideration.

OREP has sent notice of this request by email to the service list and has not received any objection to the request. Stephanie Andrus, on behalf of PUC staff, Renewable Northwest Project, Energy Trust of Oregon, Oregon Department of Energy,

Environmental Law Alliance Worldwide, Citizens' Utility Board, Industrial Customers of Northwest Utilities, Ecumenical Ministries of Oregon/Oregon Interfaith Power and Light, Ray Neff, Solar Energy Solutions, AFC-CIO, Commissioner Jeff Cogen have all responded that they do not object to this motion.

For the foregoing reasons, OREP respectfully requests that the motion be allowed.

DATED this 4<sup>th</sup> day of February, 2010.
