On August 30, 2010, I emailed the International Brotherhood of Electrical Workers (IBEW) Local 125's Response Comments to the LC 48 Service List. I also mailed hard copies to the appropriate parties based on their designation. During this time, I neglected to utilize the Oregon Public Utility Commission's Filing Center Process. Based on not reviewing the process before emailing and mailing the comments, I did not recognize the process had to be used with each aspect of the procedure and thought the PUC acquired the documents from the Service List. For some reason, I believed the Filing Center Process was only to acquire status as an intervenor.

I apologize for the error. It was my mistake, but I do hope the Local's comments can be considered and included. I have spoken with Ms. Annette Taylor and clarified the process. I assure you that I will reference the web site in the future prior to making submissions. Thank you for your consideration.

Sincerely,
