

BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON  
UE 399

IN THE MATTER OF:	)	
	)	EXPEDITED MOTION TO EXTEND
PACIFICORP, dba PACIFIC POWER,	)	TIME FOR FILING OF SMALL
	)	BUSINESS UTILITY ADVOCATES
Request for General Rate Revision	)	
(UE 399)	)	

**1. Introduction**

Comes now Small Business Utility Advocates (“SBUA”) pursuant to OAR 860-001-0420 to submit this Expedited Motion to Extend Time for Filing a Petition for Reconsideration. The subject of the petition is the Commission’s Order 23-165 granting SBUA’s revised budget subject to funds remaining in the 2022 budget.

**2. Explanation**

In 2022 SBUA was case certified in three dockets UM 2114 COVID-19 Impacts on Utilities and Ratepayers, UE 399 PacifiCorp dba Pacific Power Request for General Rate Revision, and UG 435 Northwest Natural Request for General Rate Revision, and these included certain aspects and subject matter, resolution of COVID-19 costs as one example, that overlapped to these and other dockets. Further, the calendar timing of the dockets including the interwoven subject matter consultation adds some logistics complication that has required time to work through for SBUA to present can propose through a petition for reconsideration. SBUA requests five business days to file a Petition for Reconsideration, and identifying a deadline of July 17, 2023.

Pursuant to OAR-001-0420, SBUA reached out to other parties sending them a copy of this Motion and leaving phone messages the afternoon of this filing. The only response has been from Klamath Water Users Alliance who does not object.

**3. Conclusion**

For the foregoing reasons the Commission should grant this Motion for Extension.

Respectfully submitted July 10, 2023,

s/ Diane Henkels
