UM 1394

In the Matter of
PUBLIC UTILITY COMMISSION OF

Information System

**MOTION FOR STANDARD
PROTECTIVE ORDER**

Pursuant to OAR 860-012-0035(1)(k), Idaho Power Company moves for entry of the Commission’s standard protective order in this proceeding. As good cause for this motion, Idaho Power Company states:

1. The Commission’s rules authorize Idaho Power Company to seek reasonable restrictions on discovery of trade secrets and other confidential business information. See OAR 860-11-0000(3) (adopting Oregon Rules of Civil Procedure (“ORCP”)); ORCP 36(C)(7) (providing protection against unrestricted discovery of “trade secrets or other confidential research, development, or commercial information”). See also *In re Investigation into the Cost of Providing Telecommunication Service* (UM 351), Order No. 91-500 (1991) (recognizing that protective orders are a reasonable means to protect “the rights of a party to trade secrets and other confidential commercial information” and “to facilitate the communication of information between litigants”).

2. Idaho Power Company anticipates that discovery in this proceeding may include proprietary cost data, and commercially sensitive business information. Idaho Power Company will be exposed to competitive injury if it is forced to make unrestricted disclosure of its confidential business information.

1 3. Issuance of a protective order will facilitate the production of relevant
2 information, aid the discovery process and expedite resolution of this case.

3 For the foregoing reasons, Idaho Power Company requests entry of the
4 Commission's standard protective order in this docket.
