**Re: UM 1733 – In the Matter of GARDNER CAPITAL SOLAR DEVELOPMENT, LLC v.
IDAHO POWER COMPANY**

Dear ALJ Allan Arlow:

Idaho Power Company (“Idaho Power”) and Gardner Capital Solar Development (“Gardner Capital”) jointly request that the schedule in this docket be suspended. The parties have been in negotiations to resolve their differences and believe that they are very close to reaching a full settlement of all issues raised in Gardner Capital’s complaint.

For this reason, the parties jointly request that the current schedule in the docket be suspended to allow them to finalize their agreement. The parties propose that they file settlement documentation with the Commission — or provide other status update -- by October 23, 2015. The parties specifically note that Cross Motions for Summary Determination are currently due today, and therefore request a ruling granting their request today.

Thank you for your help in this matter.

Very truly yours,
