4. The nature and extent of the Petitioner's interest in the proceeding is:

Renewable Northwest is interested in ensuring that the utility resource planning process is properly designed and conducted so that it can accurately assess the contribution of renewable resources and storage to the utility's system. Portland General Electric Company's Integrated Resource Plan ("IRP") could directly impact renewable development in the region. We have members with an interest in renewable development in the region. Therefore, we have a direct and substantial interest in this proceeding. No other party can adequately represent Renewable Northwest's interest in this proceeding.

5. The issues the Petitioner intends to raise at the proceeding are:

Renewable Northwest intends to participate as a party and raise issues that are appropriate to the proceeding.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

Renewable Northwest has a long-standing history of participating in regulatory proceedings and stakeholder processes related utility resource planning. Specifically, we have actively participated in workshops and technical discussions related to this and prior PGE IRPs.

7. Based on the information provided above in accordance with the Commission's rules of procedure, Renewable Northwest respectfully requests that the Commission grant this Petition to Intervene. It is in the public interest to allow Renewable Northwest to intervene in this proceeding. Moreover, Renewable Northwest's participation in this docket will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.

Respectfully submitted this 23rd day of May, 2019.
