3. If the petitioner is an organization, the number of members in and the purposes of the organization:

List of Members attached

4. The nature and extent of the Petitioner's interest in the proceeding is:

I am a member of the Oregon-California Trails Association. The Idaho Power Company preferred portfolio includes B2H which will negatively impact the National Historic Oregon Trail.

5. The issues the Petitioner intends to raise at the proceeding are:

- a. The IRP does not recognize possibilities for protecting the Oregon National Historic Trail. I hope to inform the Commissioners on this issue.
- b. The Commissioners should consider having IPC bury B2H for approximately two miles to protect public values in Baker County.
- c. B2H is a high risk element within the preferred portfolio as partners are not yet committed to the construction.
- d. The Commission should consider delaying the review of the Integrated Resource Plan to October 18, 2019 for comparison with Pacific Power's IRP.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

Knowledge of the Historic Oregon Trail. Knowledge of the only buried 500-kV power line in the US and the California PUC order to Southern California Edison.

7. Based on the information provided above in accordance with the Commission's rules of procedure, I request to participate in this proceeding as an intervenor. I or the organization that I represent will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.
