

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

DOCKET NO. PCN 5

In the Matter of

Idaho Power Company in an given CPCN
Proceeding

SAM MYERS
PETITION TO INTERVENE

Sam Myers Generation Farm owner petitions to intervene in this proceeding. In support of this petition, the following is provided:

1. The contact information (name, address, email address) of the petitioner is:

Name: Sam Myers
Company: Generation Farm Company
Street Address: 68453 Little Butter Creek Rd
City, State, Zip: Heppner, Oregon 97836
Email Address: sam.myers84@gmail.com
Telephone: 541-571-8276

Please include this contact on the service list.

2a. The petitioner will will not be represented by counsel in this proceeding. The contact information for petitioner's counsel to be included on the service list is:

Name:
Company:
Street Address:
City, State, Zip:
Email Address:
Telephone:

2b. Additional contacts to be included on the service list (a petitioner is limited to three contacts on the service list):

Name: SkyLAN Myers
Company: Generation Farm
Street Address: 68477 Little Butter Creek Rd
City, State, Zip: Heppner, Oregon 97836
Email Address: Myers.skylan@gmail.com
Telephone: 530-826-6009

Name:
Company:
Street Address:
City, State, Zip:
Email Address:
Telephone:

3. If the petitioner is an organization, the number of members in and the purposes of the organization:

List of Members attached

4. The nature and extent of the Petitioner's interest in the proceeding is:

Petitioner has a long term lease agreement to farm the land for profit that will be directly impacted by the transmission line.

5. The issues the Petitioner intends to raise at the proceeding are:

We are interested in protecting the farmland, homes, and lifestyle from the permanent negative socioeconomic and wildfire impacts that the B2H Transmission line can cause. We have knowledge of alternative transmission line routes that could minimize the damage to valuable crop land such as ours and many others.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

We have information regarding the safety of humans, crops, and the environment. These safety concerns ultimately could damage the crop land for many years and affect the livelihood of our farm and many other dryland farms. Max wind speed is lower in the ODOE/EFSC proposed order for the transmission line than what Oregon building codes specifies for a category 3 or 4 structure for our area. The transmission line is under engineered for the max wind load speeds that could cause tower failure, line fault, and/or fire ignition.

7. Based on the information provided above in accordance with the Commission's rules of procedure, I request to participate in this proceeding as an intervenor. I or the organization that I represent will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.

/s/ Sam Myers
