2. NWIGU is a non-profit association comprised of more than 40 end users of natural gas with major facilities in the States of Oregon, Washington, and Idaho. NWIGU members include diverse industrial and commercial interests, including food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics, aerospace, and healthcare providers. The association provides an informational service to its members and participates in various regulatory matters that affect member interests. NWIGU member companies purchase sales and transportation services from Oregon local distribution companies. .

3. On March 31, Cascade filed an application for a general rate revision. In its filing, Cascade requests to increase Oregon revenues by \$3,622,770, which is an increase of approximately 5.11 percent over current customer rates. Because NWIGU member companies purchase sales and transportation services from Cascade, it has a direct and substantial interest in this proceeding.
