C. SGO is a Domestic Non-Profit Corporation comprised of a growing number of entrepreneurs, service providers and business leaders, as well as non-profit organizations and educators dedicated to the growth and promotion of Oregon's smart grid industry. SGO's mission is "[t]o enable, promote and grow the smart grid industry and infrastructure in the State of Oregon."

D. SGO intends to monitor the proceedings and, where necessary, raise issues and provide commentary appropriate to the scope of the Commission's investigation into smart grid objectives.

E. Given the range of potential issues to be addressed, it is premature to specify the precise nature of SGO's concerns and issues it will raise.

F. One of SGO's avowed purposes is to work with smart grid stakeholders to craft and advocate for effective public policies that promote and grow Oregon's smart grid industry and infrastructure. Its membership draws on the collective expertise of business and

finance professionals, utilities, public interest groups, academics, all joined to promote progressive energy policy and smart grid investments.

G. SGO's participation will not unreasonably broaden the issues, burden the record or unreasonably delay the proceedings. SGO brings a unique, well-rounded perspective on the developing technologies surrounding smart grid implementation as well as possible public policies and regulatory guidelines which will assist the Commission as it develops objectives and action items for 2010-2014.

WHEREFORE, SGO respectfully requests that the Commission grant its Petition to Intervene.

Dated: October 1, 2010.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Barry T. Woods", written over a horizontal line.

Barry T. Woods, OSB # 951332
Attorney/Representative for SGO
