3. If the petitioner is an organization, the number of members in and the purposes of the organization:

The Oregon Solar Energy Industries Association is a trade association founded in 1981 to promote clean, renewable, solar technologies. OSEIA has 86 member organizations that include businesses, non-profit groups, government agencies, and other solar industry stakeholders. OSEIA's mission is to make solar energy a significant energy source and expand markets by strengthening the industry and developing a skilled and stable workforce.

List of Members attached

4. The nature and extent of the Petitioner's interest in the proceeding is:

OSEIA represents the solar industry in Oregon with most of our members serving customers involved with solar installations that could be impacted by RVOS dockets. Many of those customers are net metered residential and commercial solar customers and also include future community solar customers. Without participation, OSEIA would not have the ability to participate in the proceeding, which could result in material harm to its members.

5. The issues the Petitioner intends to raise at the proceeding are:

OSEIA intends to participate as a party and raise issues that are appropriate to the proceeding.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

OSEIA staff works exclusively in the solar industry and has decades of experience in issues pertaining to the solar energy sector, including the valuation of solar energy and its application. OSEIA works with experienced energy consultants with national experience in net metered and RVOS dockets.

7. Based on the information provided above in accordance with the Commission's rules of procedure, I request to participate in this proceeding as an intervenor. I or the organization that I represent will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.

Respectfully submitted this 18<sup>th</sup> day of January 2018,

/s/ Jon Miller
