4. The nature and extent of the Petitioner's interest in the proceeding is:

In pursuit of our mission to expand environmentally responsible, new renewable resources, Renewable Northwest has been involved in UM 2011 since the docket's initiation and has participated in workshops and filed comments in the docket. We also regularly participate in other dockets and proceedings where issues related to system-level and resource-specific capacity needs and contributions regularly arise, including utility integrated resource plans, both at the Oregon Public Utility Commission and at other commissions and government bodies throughout the Northwest. No other party can adequately represent Renewable Northwest's interest in this proceeding.

5. The issues the Petitioner intends to raise at the proceeding are:

Renewable Northwest intends to participate as a party, to raise issues, and to provide testimony as appropriate to the proceeding.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

In addition to our work on capacity-related issues in this and other dockets, Renewable Northwest staff and members have knowledge and experience of renewable energy resource attributes, methodologies related to capacity and resource adequacy, and policy and regulatory considerations that may affect how the Commission and other stakeholders assess capacity.

7. Based on the information provided above in accordance with the Commission's rules of procedure, Renewable Northwest respectfully requests that the Commission grant this Petition to Intervene. Allowing Renewable Northwest to intervene in this proceeding is in the public interest. Moreover, our participation in this docket will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.

Respectfully submitted this 14th day of October, 2020.
