---	---

Avangrid Renewables is a developer, generator, and marketer of electricity and related services. With more than 6,000 megawatts of owned or controlled assets, Avangrid Renewables

is the third-largest generator of renewable electricity in the United States. Avangrid Renewables owns or controls the output of wind and solar plants in four of the six states in which PacifiCorp serves retail consumers and has a substantial renewable development pipeline in those states.

Avangrid Renewables has a direct interest in proceedings that impact opportunities for the development of renewable energy resources in the Northwest. Avangrid Renewables may submit proposals in the solicitation which is the subject of this proceeding, and the company anticipates participating in future solicitations tendered by electric companies subject to the jurisdiction of the Commission.

Avangrid Renewables' interest in the proceeding is not adequately represented by any other party. The company has participated in numerous resource procurement solicitations across approximately two dozen states, and brings to the Commission a unique and experience-based perspective that should assist the Commission in resolving the issues related to this proceeding and future resource procurement proceedings.

Moreover, Avangrid Renewables believes intervenor status is appropriate as it may make inquiries and provide responses during this proceeding, including analysis of and comment on any work product resulting from this proceeding. Finally, intervention by Avangrid Renewables will not unreasonably broaden the issues, burden the record, or delay this proceeding.

WHEREFORE, Avangrid Renewables respectfully requests that the Commission grant its petition to intervene with full party status in this proceeding and to appear and participate in all matters as may be necessary and appropriate; and to present evidence and argument and otherwise fully participate in the proceedings.

Dated this 20<sup>th</sup> day of March 2020.

Respectfully submitted,

*/s/ Jimmy Hulett*
