Intermountain is a developer of electrical generation and transmission projects. Intermountain Wind is currently developing four wind projects, one solar project, three transmission projects, and associated storage. These projects are located in Wyoming, Colorado, and Idaho. Intermountain has executed large generator interconnection agreements with PacifiCorp and intends to participate in PacifiCorp's 2020 request for proposals. Intermountain

therefore has a direct interest in this proceeding that cannot be adequately represented by any other party.

For the foregoing reasons, Intermountain requests that the Commission grant its petition to intervene with full party status in this proceeding, to appear and participate in all matters as may be necessary and appropriate; and to present evidence, call and examine witnesses, cross-examine witnesses, present argument, and to otherwise fully participate in the proceedings.

Dated this 20th day of March, 2020

Respectfully submitted,

s/David D'Alessandro_____
