NW Energy Coalition is a non-profit advocacy organization with membership including 100 environmental, civic, and human service organizations, progressive utilities and businesses in Oregon, Washington, Idaho, Montana and British Columbia as well as individual members. We promote development of renewable energy and energy conservation, consumer protection, low-income energy assistance, and fish and wildlife restoration within the Northwest region.

Since its formation in 1981, NWEC has focused on affordable and fair energy service and development of energy efficiency, renewable resources and clean energy resources. We have participated in numerous proceedings before this Commission and other bodies in the region, as well as legislative, regulatory and public education efforts. No other party can adequately represent NWEC’s interests in this proceeding.

NWEC intends to participate as a party and raise issues that are appropriate to the proceeding.

NWEC has over three decades of experience in public policy concerning energy efficiency and renewable energy development, including regulatory policy, implementation and oversight.

Based on the information provided above in accordance with the Commission's rules of procedure, NW Energy Coalition respectfully requests that the Commission grant this Petition to Intervene. NW Energy

Coalition's participation in this docket will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding.
