**Relative Use Factor (RUF) Amendment
to the Interconnection Agreement between
Qwest Corporation and
Advanced Telcom, Inc.
for the State of Oregon**

This is an Amendment ("Amendment") to the Interconnection Agreement between Qwest Corporation ("Qwest"), a Colorado corporation, and Advanced Telcom, Inc. ("CLEC"). Qwest and CLEC shall be known jointly as the "Parties."

RECITALS

WHEREAS, the Parties entered into an Interconnection Agreement ("Agreement") for service in the state of Oregon which was approved on November 20, 1998.

WHEREAS, the Parties agree to amend the Agreement further under the terms and conditions contained herein.

AGREEMENT

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

Amendment Terms

The Agreement is hereby amended by adding terms and conditions for Relative Use Factor (RUF) as set forth in Attachment 1 to this Amendment, attached hereto and incorporated herein by this reference. The Parties will use a RUF for local interconnection trunking. The purpose of this Amendment is to establish the percentage to be applied for the RUF. The language presented in Attachment 1 attached hereto amends Appendix A (Network Interconnection) to Attachment 3 of the Agreement as it relates to local interconnection trunking and RUF. The Parties agree the terms in this document are for the limited purposes of this Amendment. CLEC and Qwest reserve their rights to assert different language and/or term(s) in other contexts.

Effective Date

This Amendment shall be deemed effective upon execution.

Further Amendments

Except as modified herein, the provisions of the Agreement shall remain in full force and effect. Except as provided in the Agreement, this Amendment may not be further amended or altered, and no waiver of any provision thereof shall be effective, except by written instrument executed by an authorized representative of both Parties.

Entire Agreement

Other than the publicly filed Agreement and its Amendments, Qwest and CLEC have no agreement or understanding, written or oral, relating to the terms and conditions of Attachment 1 and Exhibit A in the State of Oregon.

The Parties intending to be legally bound have executed this Amendment as of the dates set forth below, in multiple counterparts, each of which is deemed an original, but all of which shall constitute one and the same instrument.

1. Relative Use Factor

1.1 When a Relative Use Factor (RUF) is applied to Entrance Facilities and Direct Trunk Transport to share the cost of two-way local Interconnection trunking facilities per the Agreement, an initial RUF of sixty nine percent (69%) for CLEC, which reflects the actual traffic exchanged between the Parties, will be applied to the charge in Exhibit A to this Amendment for a minimum of one (1) quarter after execution of this Amendment. The initial RUF will continue for both bill reduction and payments until the Parties agree to a new factor, based upon actual minutes of use data to substantiate a change in that factor. The specific traffic characteristics of this exchange of traffic are unique to the traffic patterns between each other and the RUF factor is not applicable, nor valid with any other party.
