Re: Annualized Billing Cycle Exception, OAR 860-039-0055(2)

Under OAR 860-039-0055(2), the annual billing cycle for net metering customers ends at the end of the March billing month each year unless the utility and net metering customer agree to a different annual billing cycle. This section also requires the utility to notify the Public Utility Commission of Oregon within 30 days of a utility and a net metering customer reaching an agreement for an alternative billing period. The purpose of this letter is to notify the Commission that on June 18, 2014, PacifiCorp d/b/a Pacific Power and the City of Pendleton, a net metering customer, agreed to a new 12-month annualized billing period. The new annualized billing cycle for the City of Pendleton will end with the September billing period of each year.

Please direct questions regarding this notification to Natasha Soares, Director of Regulatory Affairs and Revenue Requirement, at (503) 813-6583.

Sincerely,

R. Bryce Dalley

Dear **Tim Smith**,

Pacific Power received your request for an alternative 12 month annualized billing period for your net metering facility. Instead of your annualized billing cycle ending March 31 of each year, your alternative annualized billing cycle will end at the end of each **October** billing month each year.

This mutual agreement to reset your annualized billing period modifies any existing agreement in reference to the annualize billing period. All other provisions remain in full effect.

Your signature on this letter will confirm your agreement for the alternative annualized billing cycle. Enclosed are two copies of this letter. If you agree, please sign and return to me one of these letters in the enclosed envelope.

Thank you,

Jason Zappe
Customer Generation

Agreed and accepted:

Tim Smith
