DATE: November 1, 2021

SUBJECT: CENTURYTEL OF OREGON, INC.:
(Docket No. ADV 1316/Advice No. 374)
Deletes residential Emergency Line Service and standardizes Copy of Bill charge terminology.

STAFF RECOMMENDATION:

Staff recommends that the Public Utility Commission of Oregon (Commission) allow the tariff changes filed by CenturyTel of Oregon, Inc. dba CenturyLink (CenturyTel or Company) to become effective on November 17, 2021.

DISCUSSION:

Issue

Whether the Commission should allow CenturyTel's filed tariff changes to become effective.

Applicable Rule or Law

Telecommunications utilities are required under ORS 759.175 to submit filings to the Commission whenever they intend to change their rates, terms, or conditions of service.

CenturyTel is regulated under a Price Plan pursuant to ORS 759.255 and Order No. 18-359 in Docket No. UM 1908. Section 8.a.i of the Price Plan requires CenturyTel to file all tariff changes with the Commission at least 30 days prior to the effective date of the change.

Pursuant to OAR 860-032-0020, a telecommunications utility may request to abandon a regulated service for which there are no current customers by filing a tariff change which deletes the regulated service.

Analysis

This filing was submitted on October 1, 2021, with a proposed effective date of November 17, 2021, in compliance with the 30-day filing requirement specified in the Price Plan. With this filing, the Company proposes to delete the residential Emergency Line Service offering from its tariff, and standardize the naming for the Copy of Bill charge.

Emergency Line Service was previously introduced with Advice No. 358, effective January 31, 2018. This service consists of a residential access line with unlimited incoming calls, but with outgoing calls limited to those placed to 711 and 911. In the Advice Letter submitted with this filing, the Company states that “[d]uring its availability there have been no requests for the service and there is no anticipated demand.” The Company further states that “[e]limination of this service option therefore does not impact customers.”

The Company also proposes to modify the Copy of Bill terminology as shown in Section 3.5 of its tariff. The Copy of Bill charge enables customers to request an additional copy of their regular monthly bill for a fee. The charge per copy is currently \$7.00 for business customers and \$4.00 for residential customers. The Company proposes to add the text “(A.K.A. DUPLICATE BILL CHARGE)” next to the existing “COPY OF BILL” text. The Company states that the purpose of this change is to standardize the name “for consistency across all CenturyLink ILECs.” This text change does not result in any change to the amount of the charge.

Conclusion

Staff finds that this filing complies with applicable statutes, rules, and the terms of CenturyTel’s Price Plan, and should be allowed to become effective.

PROPOSED COMMISSION MOTION:

Allow CenturyTel’s filed tariff changes to become effective on November 17, 2021.
