

OREGON PUBLIC UTILITY COMMISSION
INTEROFFICE CORRESPONDENCE

DATE: June 14, 2018
TO: File through Bryan Conway and Bruce Hellebuyck
FROM: Joan Grindeland
SUBJECT: UW 172 Mountain Home Rate Case Compliance

On June 7, 2018, in compliance to Order No. 18-143 signed May 7, 2018, Jennie Bricker, on behalf of Mountain Home Water District, filed a letter confirming the disconnection of the Kroker Account at 2333 SW Turner Road, West Linn, OR 97068 effective June 7, 2018. (Letter attached)

As directed in Order No. 18-143, "The parties agree that once the Krokors have disconnected their water service, Mountain Home will no longer be a regulated utility under our jurisdiction."¹

To that end, Mountain Home Water District is no longer a utility and is thereby removed from Commission jurisdiction.

Re: Kroker Voluntary Disconnection Notice (OPUC Docket UW 172)

Dear Peter:

On behalf of Mountain Home Water District (the "Company"), I received your email message dated June 1, 2018, in which you request disconnection of water service to customers Mel and Connie Kroker, at 2333 SW Turner Road, West Linn, OR 97068. As of the date of this letter, June 7, 2018, service has been disconnected.

OAR 860-036-1560 requires seven days' advance notice for voluntary disconnection. The Company has recently received payment for water service through May 31, 2018. Although the Krokers are responsible for payment for water service until June 7, 2018, the Company will waive payment for service from June 1 through June 7. The Krokers' account is paid in full.

You also requested confirmation that the Company has disconnected its facilities from the Krokers' service line and that "the Company's facilities have been properly capped as necessary to prevent any continuing discharge of water." The Company confirms that it has disconnected water service to 2333 SW Turner Road. We are not aware of any capping or similar requirement for disconnection of service. Under OAR 860-036-1300(2), the Krokers' service line begins south of the southerly boundary of 2351 SW Buckman Road, where the Kroker's water line easement begins. The Krokers own and are responsible for their service line and may disconnect or cap it in any way they deem appropriate, so long as their activities involve no damage to or trespass on the adjacent property belonging to Keith Ironside.

Very truly yours,

/s/Jennie Bricker
