The Idaho Power Company is seeking acknowledgement of the Action Plan items contained in its second amended 2019 Integrated Resource Plan (IRP). The Commission will meet for a second special public meeting to provide the company with time to complete its thoughts on comments and questions from the previous meeting on April 6, 2021, ask final questions of Idaho Power, Staff and other stakeholders and complete its deliberation and decision on acknowledgment of Idaho Power's proposed Action Plan items.

Therefore, at this special public meeting, the Commission requests that Idaho Power begin the meeting by providing a brief summation of their plan and comments received. Following the company, the Commission may have final questions or requests for clarifications for Staff, Idaho Power and stakeholders. After that, the Commission will deliberate and make decisions on Action Plan items and other issues from Idaho Power's second amended 2019 IRP.
