DISPOSITION: MOTION FOR EXTENSION OF TIME GRANTED

On May 11, 2005, the Renewable Northwest Project, the Citizens' Utility Board, and the NW Energy Coalition jointly filed a motion seeking an extension of time to file comments in LC 39. The parties seek an extension of three business days from the current deadline of May 18, 2005, and indicate they would support a comparable extension of the date for PacifiCorp to respond to the comments. PacifiCorp and the Commission Staff support the request.

The procedural schedule is modified as follows. The time for party comments is extended to May 23, 2005. The time for PacifiCorp's reply is extended to June 6, 2005. All other dates in the procedural schedule remain unchanged.

Dated this 12th day of May 2005, at Salem, Oregon.

Michael Grant
Chief Administrative Law Judge
