

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

LC 39

In the Matter of)	
)	
PACIFICORP)	RULING
)	
2004 INTEGRATED RESOURCE PLAN.)	

DISPOSITION: PETITIONS TO INTERVENE GRANTED

On various dates, a petition to intervene was filed on behalf of the following four petitioners: Renewable Northwest Project (March 31, 2005); HydroPower Reform Coalition (April 13, 2005); WaterWatch of Oregon (April 13, 2005); and Oregon Natural Resources Council (April 13, 2005). Upon review of the petitions, I find that all four petitioners have sufficient interest in the proceeding, and that their appearance and participation will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. *See* OAR 860-012-0001.

As the pertinent dates to contest each petition has passed, the petitions to intervene of Renewable Northwest Project, HydroPower Reform Coalition, WaterWatch of Oregon and Oregon Natural Resources Council are finally granted.

Dated this 28th day of April, 2005, at Salem, Oregon.
